Professional Experience

WRTN Technologies / AI Research Engineer (NLP Specialist)   *Seoul, S.Korea*

Research on LLM agent evaluation   *Mar, 2024 - Jun, 2024*

- Design and implement a benchmark system for in-the-wild human-assistant dialogues
- Develop comprehensive evaluation framework for assessing the performance of human-assistant interactions in real-world scenarios

Riiid / Research Scientist (NLP)   *Seoul, S.Korea*

Research on Large Language Models for Education   *Jul, 2023 - Feb, 2024*

- Competed on the Huggingface Open LLM Leaderboard, achieving 1st place on Oct, 2023
- Explored the effects of instruction tuning from data (quantity, quality, diversity) and model (scale, efficiency, objective) perspectives
- Implemented diverse optimization techniques (ZeRO, FSDP, and FlashAttention) for training/inference with single 8xA100 machine

Automated Essay Scoring

- Achieved state-of-the-art on public essay scoring benchmarks which scored 0.53 to 0.75 on QWK
- Conducted "Bar exam" scoring which performs better than GPT-4

TUNiB / NLP Engineer   *Seoul, S.Korea*

Korean Open-domain Chatbot Service   *Dec, 2021 - Feb, 2023*

- Directed dialogue data collection and quality filtering using advanced LLMs (HyperCLOVA and ChatGPT)
- Developed an in-house 1.3B Korean LM for multi-persona chatbot with self-collected datasets (20B/4B tokens for pre-training and fine-tuning)
- Operated a Kakaotalk-based chatbot service with DAU ∼ 2,000
- Utilized Triton Inference Server and AWS ECS for efficient model serving
- Enhanced model generation and API performance, increasing RPS from 4 to 13 and from 24 to 110, respectively

AI Grand Challenge: Policy Support AI

- Awarded Ministry of Science and ICT Minister's Award
- Orchestrated TableQA data collection with policy domain experts
- Developed continual learning framework with OCR-based parsing and additional table data
- Developed an integrated QA system for processing texts, tables, and charts (450M LM fine-tuning)

Research Projects

Story Completion Competition (2nd Place)   [*Link*]

- Instruction fine-tuned with diverse data augmentation, achieving 2nd place on public/private leaderboard in 3 days   *Oct, 2023*

Achieved SOTA in KLUE Benchmark   [*Github*]

- Implemented R-BERT and Retrospective Reader models, and enhanced their structures and learning methods   *Dec, 2021*

Open Domain Question Answering Competition (Gold Medal)   [*Github*] [*Blog*]

- Improved top-1 accuracy of document retrieval from 32% to 78% by hybrid retrieval techniques   *Nov, 2021*
- Improved EM score of question answering from 62.7 to 79.9 by effective methods

Relation Extraction Competition (Silver Medal)   [*Github*] [*Blog*]

- Trained custom embeddings, layers, and loss function with diverse augmented dataset   *Oct, 2021*

Image Classification Competition (Silver Medal)   [*Github*] [*Blog*]

- Utilized multi-task learning and test time augmentation techniques   *Sep, 2021*

Development Projects

Korean College Scholastic Ability Test   [*Github*]

- Compared the performance of LLMs in solving the 2024 CSAT   *Nov, 2023*

Daily Papers   [*Github*]

- Developed a tool for auto-translating and summarizing Huggingface's daily papers into Korean using ChatGPT   *Nov, 2023*

PFP Story Generation   [*Link*]

- Completed story for 5,000 pfp characters using GPT-3   *Sep, 2022*

"Look, Attend, and Generate Poem"   [*Github*]
- Developed a web service for generating poetry from user-uploaded photos   *Dec, 2021*

Movie Review Rating Service   [*Github*] [*Report*]
- Developed a web service for auto-rating and archiving key movie reviews   *Sep, 2020*

Education

Yonsei University   *Seoul, S.Korea*
Bachelor of Arts   *Mar. 2015 - Feb. 2022*
- German Language and Literature
- Cognitive Science

Honors & Awards

Sep, 2023 **2nd place, CJ Logistics CEO's Award**, The 3rd Future Tech Challenge   *CJ Logistics*
Jan, 2023 **3rd place, Ministry of Science and ICT Minister's Award**, AI Grandchallenge: Policy Support AI   *IITP*
Nov, 2021 **1st place, grand prize**, The 3rd Annual University Student AI x Bookathon   *SKKU, Seoul*
Nov, 2021 **3rd place / 19 teams**, Open Domain Question Answering Competition   *Naver Connect*
Oct, 2021 **5th place / 19 teams**, Relation Extraction Competition   *Naver Connect*
Sep, 2021 **13th place / 38 teams**, Mask Image Classification Competition   *Naver Connect*
Aug, 2019 **Scholarship**, German Language and Literature Department   *Yonsei University*
